Guidance on Temporary Loan Emergency Funds

The Social Welfare Councils of all prefectures are providing a welfare fund loan system to lend necessary funds for living and other expenses to low-income households.

In light of the impact of the COVID-19 pandemic, the number of households that are eligible for loans under this system will be expanded to include non-low-income households. Special loans such as emergency small amount funds will be provided to households that are struggling with living expenses as a result of temporary suspension of work or unemployment.

Please see overleaf for detailed information about these special loans. Please use the contact information provided below for questions about specific contents.
